

IDFC MULTI CAP FUND

(Previously known as IDFC Premier Equity Fund w.e.f. May 02, 2018)

Multi Cap Fund – An open ended equity scheme investing across large cap, mid cap, small cap stocks.

FUND PHILOSOPHY*

This is a multi-cap fund with equal weights in large, mid and small caps currently. The fund focuses on a benchmark agnostic investing style with a distinct underweight on financials and overweight on consumption and domestic cyclical in the current market conditions. At a stock level, the fund focuses on companies which are operating in segments where penetration of organized is still increasing and conversion to brands will be a key driver for long term growth. The fund favours companies which generate positive operating cash flow and consistently improve their Return on Capital Employed (RoCE). From time to time, the fund identifies stocks which are strong transformational targets both from operating parameters as well as corporate governance. The fund also aims to identify and capitalize on long term themes which could generate superior returns, even if they are present in the small cap segment.

FUND HIGHLIGHT - JANUARY TO MARCH QUARTER

During the January to March quarter, sector weights in Building Material/Cement and Auto decreased by 247 bps and 240 bps to 3.8% and 6% respectively. This was mainly due to trimming of positions and fall in stock prices. Due to trimming exercise, weight of Commodities has gone down by 172 bps to 5.7%. Financials, on the other hand, continued to see weight increase by 161 bps to 30%, largely due to the increase in weight of Private Retail Banks and Private Corporate Banks in the portfolio. The weight of Consumer Discretionary fell by 10 bps and staple weight got increased by 137 bps due to the combination of market movement and portfolio level actions. Other key sectors where the weights increased were Industrials by 174 bps to 10.5% and Information Technology by 174 bps to 6.1%.

The fund focused on rejigging its portfolio with equal emphasis on both entry and exits with entry of Titan and exit of Bharat Financial Inclusion, Greaves Cotton, ICICI Prudential Life Insurance Company, Max Financial Services, Page Industries, TVS Motor and TV18 Broadcast. Thus the total portfolio stock count has been reduced to 59 stocks.

Face Value per Unit (in ₹) is 10
Dividend is not guaranteed and past performance may or may not be sustained in future.
Pursuant to payment of dividend, the NAV of the scheme would fall to the extent of payout and statutory levy (as applicable).
