

IDFC BANKING & PSU DEBT FUND

An open ended debt scheme predominantly investing in debt instruments of banks, Public Sector Undertakings, Public Financial Institutions and Municipal Bonds. A Scheme with Relatively High Interest Rate Risk and Relatively Low Credit Risk.

- A portfolio that emphasizes on high quality instruments, currently 100% AAA and equivalent instruments.
- By investing in one single fund you get to diversify your allocation into multiple high quality instruments issued by banks, PSUs (Public Sector Undertakings), PFIs (Public Financial Institutions) and Municipal Bonds.
- Ideal to form part of 'Core' Bucket - due to its high quality and low to moderate duration profile*

*The scheme is currently following a 'roll down' investment approach on a tactical basis. This means that ordinarily the average maturity of the scheme's portfolio is unlikely to increase significantly and may be expected to generally reduce with the passage of time, subject to intermittent periods of volatility in the maturity profile owing to AUM movement and market conditions. The approach being followed currently is tactical in nature and would be subject to change depending on investment opportunities available without prior notice.

Standard Deviation calculated on the basis of 1 year history of monthly data
